Statiq

Mr. Raghav Arora
Co-founder
Statiq

Objectives

The objective of the Conclave is an exhibition of the ongoing research activities by research groups of different educational institutions across countries. Thus providing a platform for the exchange of thoughts between distinguished guests and participants from different cultural and scientific backgrounds, facilitating industry and academia interaction with emphasis on the technological requirements. The Conclave aims to inspire and encourage the undergraduate and postgraduate student community to pursue a career in research. Research conclave has become a veritable platform to nurture the young minds towards research, innovation, and entrepreneurship and intends to bring the undivided attention of the students towards both industries and academia to redress the academic research challenges, concerns of the entire student community, and upcoming entrepreneurs around the globe. It is a forum to harness the innovative, minds of current society by taking innovations made in research to their actual implementation in the industries. Research conclave aims to be the catalyst that leads through holistic, transformable and innovative ideas.
